ABOUT ME

Detail-oriented professional with excellent communication, interpersonal, and creative thinking skills. Aiming to leverage my abilities to successfully fill the vacancy at your company. Frequently praised as hard-working by my peers, I can be relied upon to help your company achieve its goals. Responsible and motivated student ready to apply education in the workplace. Offers excellent technical abilities with software and applications, ability to handle challenging work, and excellent time management skills.

WORK EXPERIENCE

Web Developer Intern, Unity Of Youth, Tamil Nadu, India

Present

Created custom components, forms, and interfaces for user interactions in React. Built reusable UI components that can be used across multiple projects with React. Collaborated closely with UX and UI designers to ensure the best possible user experience while developing React applications. Designed user-friendly software interfaces to simplify overall management.

Mobile Application Developer, White Wular, New Delhi, India

Present

Developed React Native mobile applications for both iOS and Android platforms. Implemented custom UI components using React Native. Utilized version control systems such as Git to manage source code changes and deployments. Performed integration of backend APIs with frontend interfaces built on React Native framework. Worked closely with project managers to ensure timely delivery of projects. Tested databases and performed bug fixes. Optimized performance of existing React Native applications.

Founder + Application Developer, Need4Need, Delhi, India

Implemented user interface design with React Native and Expo. Collaborated with application teams on system integrations and best practices.

Web Developer Intern, Code Clause, Delhi, India

Developed and maintained web applications using HTML, CSS, JavaScript, and React. Built responsive websites utilizing best practices in UI and UX design principles.
